

5-11-99

Att: Comm. Jane E. Henney -

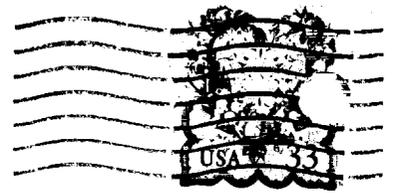

As a member of the Center for Science in the Public Interest (CSPI) I urge you to save human lives by banning the use of medically useful anti biotics in animal feed. Adding anti biotics to feed in order to promote growth can make bacteria resistant to those anti biotics which can leave physicians with no way to treat life-threatening bacterial infections in humans. That is why I support the petition filed by CSPI.
